Visa 801 Outstanding Items Report

Client reference: WaKr-2631-801-3

Status date: 18 October 2026

This report consolidates the documents, decisions and questions that remain for the subclass 801 application. Items already gathered are included only where a final action, selection or agency decision remains.

1. Highest-priority documents and actions

TO DO **Updated Form 80 for Kristina** — Kristina completed the supporting attachment and a reviewed Word/PDF version is in Drive. Confirm the remaining main-PDF facts, ask Affinity how to present the 2024–2026 study/volunteering period and subclass 820 visa-history row, obtain Affinity's review, then sign and date the final main form.

TO DO **Two updated Form 888 statements** — obtain Mum's confirmation of the corrected draft already emailed to her. Review Jaya's newly prepared draft and confirm the highlighted details. Then arrange identity attachments, signing and witnessing for both statements.

TO DO **Scott's relationship statement** — the confirmed occupation, employment date, sanctuary date, AustralianSuper and Bali-contact wording has been incorporated. Complete Scott's final voice and accuracy review, obtain Affinity's review, update the statement date and arrange signing.

TO DO **Relationship photo timeline** — review the updated 24-photo draft. If available, add one or two photos from March–May 2026 and one or two from September–October 2026; otherwise ask Affinity whether the current coverage is sufficient.

DONE **Shared-address correspondence** — none is known. Use the joint leases and separate same-address evidence instead.

TO DO **Final evidence upload and selection** — ensure the gathered statements, bills, leases, insurance, identification and supporting evidence are in the 801 Drive folder, then choose a representative submission set with useful date coverage.

2. Identity and application documents still required

DONE Current passport biographical page for Kristina — added to Evidence.

DONE Current passport biographical page for Scott — added to Evidence.

TO DO Kristina's Bulgarian national identity card.

DONE Kristina's current NSW driver licence — added to Evidence.

TO DO Confirm with Affinity whether Kristina's Bulgarian driver licence is required.

DONE Subclass 820 grant letter — filed locally and uploaded to Evidence.

DONE Bali return-flight evidence — Jetstar JQ94 departed Denpasar on 10 October 2025 and arrived at the Gold Coast on 11 October 2025; the forwarded confirmation is filed in Drive.

3. Relationship statement facts now confirmed

DONE Social details added: Bad Bunny concert in Sydney in February 2026; whale watching with Kristina's friends in August 2026; January 2026 time with Kristina's friend and her husband; closer family relationships maintained mainly by telephone and video calls; and Kristina's local friendship group in Coffs Harbour.

DONE Kristina's first sanctuary shift was **1 October 2026**.

DONE Kristina has received pay into the joint **2Up** account.

DONE Scott's occupation should be stated as **Software Engineer**. Employment commenced **21 October 2024**.

DONE The lease renewal period is **27 July 2026 to 25 January 2027**, as shown in the lease document.

DONE During the Bali separation, Scott and Kristina remained in regular contact through messages on most days and video calls when Kristina's schedule allowed. The statement should not claim daily messages or a specific number of calls.

DONE Kristina's AustralianSuper beneficiary evidence naming Scott has been added to Evidence.

DONE The date of Kristina's father's death can remain general in the relationship narrative unless Affinity requests the exact date or Scott chooses to include it.

DONE Kristina confirmed the sanctuary role title as **Animal Attendant** and supplied the main duties in the Form 80 attachment.

4. Questions to send to Affinity

TO DO **Brief periods apart:** Do you require exact dates, durations and contact evidence for short absences such as the brother's house move, birthdays, TAFE excursions and Sydney Bats volunteering, or is a general description sufficient?

TO DO **Utilities:** The electricity, internet and telephone accounts are in Scott's name, and the water bills are addressed to the owner or agent. Is the shared-address and payment evidence sufficient where no utility is jointly named?

DONE **Gas:** Not applicable to the property.

5. Periods apart and contact evidence

DONE Bali outbound travel evidence is available for 30 September 2025.

DONE Three ordinary Messages screenshots covering 6–8 October 2025 have been uploaded to the Google Drive **Contact During Separation** folder.

DONE Kristina's Bali return evidence is filed; the flight departed Bali on 10 October and arrived in Australia on 11 October 2025.

DONE Scott's definite solo Sydney work trip is confirmed as **11–14 May 2026**.

TO DO Ask Affinity whether further evidence is required for the solo Sydney trip or the shorter absences.

6. Photo timeline gaps

The updated draft contains 24 photos across 16 dates from August 2025 to August 2026. Kristina's added photos materially improve June–August 2026 coverage, including family, friends, sailing, walking and a current couple photograph. The remaining date gaps are March–May 2026 and September–October 2026.

DONE Add recent photos through **August 2026**.

TO DO If available, add one or two photos from **March–May 2026**.

TO DO If available, add one or two photos from **September–October 2026**.

DONE Add broader ordinary-activity and social coverage, including walking, whale watching and time with friends.

DONE Add Australian social photos with family or friends.

TO DO Consider a TAFE, sanctuary or volunteering milestone photo if it naturally supports the relationship narrative.

If no suitable photos exist for the remaining gaps, ask Affinity whether the current 24-photo spread is sufficient. Avoid adding more Christmas duplicates or near-identical selfies.

7. Evidence already gathered but requiring final filing or selection

DONE CBA and 2Up joint bank statements.

DONE ING household-expense statements, accurately identified as Scott's sole-name account.

DONE Electricity, internet, telephone and water bills.

DONE Urunga lease, Coffs Harbour lease and Coffs Harbour extension.

DONE Scott's NSW driver licence, including front and back.

DONE Joint Bulgaria flight evidence for both trips.

DONE Car invoice, insurance and registration-related evidence.

DONE Superannuation beneficiary evidence for both partners; Scott's IOOF nomination names Kristina as 100% beneficiary under a binding non-lapsing nomination.

DONE Three Bali contact screenshots uploaded to Drive.

TO DO Check that each selected submission file is clear, complete, in colour where applicable, not password-protected and ends with **WaKr-2631-801-3**.

8. Optional supporting evidence

These items may help support events already described but were not identified as additional mandatory agency requirements.

TO DO Kristina's Certificate II and Certificate III completion certificates.

TO DO Sanctuary contract or payslip.

TO DO WIRES or Sydney Bats volunteering records.

TO DO Veterinary invoices and dog-surgery finance records if they help demonstrate joint decisions and mutual support.

DONE Bulgaria accommodation information or additional travel photographs are available.
